TONOPAH DAILY BONANZA

Today's Silver
Quotation, 52 1-2

VOL. X. NO. 137

TONOPAH, NEVADA, TUESDAY EVENING, OCTOBER 3, 1911.

PRICE 10 CENTS.

BODIES OF FLOOD VICTIMS ARE BEING PREPARED FOR BURIAL

**ADMIRAL SCHLEY
DROPS DEAD**

NEW YORK, Oct. 4.—Rear Admiral Winfield Scott Schley dropped dead yesterday while on his way down town, and died before medical aid reached him.

The admiral had been out of the city over Sunday and on his return had gone to the New York Yacht club on West Forty-fourth street. After a short stay he started to walk toward Fifth avenue when he was taken ill.

TO-MORROW EVENING AT THE BUTLER THEATRE

**PATHE WEEKLY OF CURRENT
EVENTS AN INTERESTING
FILM PICTURE.**

For tomorrow afternoon and evening at the Butler theater the management will show a special release picture, entitled "Pathe Weekly of Current Events." This interesting reel will show the Knights of Columbus' convention, held at Detroit, Mich.; Atwood, the American aviator, in his record-breaking flight from New York City to Philadelphia; King and Queen of Italy; Bob Burnham, the Automobile speed king, breaking the world's record of five miles; military parade in honor of the emperor of India, and other interesting events held in September of this year. In addition there will be three other reels of pictures shown, as follows: "The Society Mother," drama; a Vitagraph comedy, entitled "His Second Honeymoon," and an Edison drama entitled "Then You'll Remember Me," taken from that old familiar song of the same name. There will be the usual matinee and evening shows and the admission will be the usual 10 cents.

ELKS' PORTLAND CLUB DANCES TOMORROW NIGHT

Tomorrow night will be given another one of those enjoyable social hops and feeds, for which the local lodge of Elks have become famous. Heretofore, however, the dances have been given by the lodge itself, while from now on they will be held under the auspices of what is known as the Portland club.

The Portland club is made up exclusively of Elks. Its object is to represent the Tonopah lodge and the mining camp of Tonopah at the big Elks' reunion at Portland, Ore., next July. It is the present intention to represent Tonopah as it has never before been represented, and, let it be whispered, the local Elks are going to try for one or two of the prize prizes that will surely be offered by the Portland committee.

To this end the pulling off of the social dances at the beautiful Elks hall have been turned over to the Portland club, and the proceeds will, instead of going into the treasury of the lodge, now go into the Portland club's treasury. To this end, also, different stunts will be launched at different times between now and next July. The Tonopah lodge, it might be stated, stands back of the Portland club in all its public enterprises, and the public can rest assured that it will be treated with the same consideration in the future as in the past.

The officers of the Portland club, elected a short time ago, are as follows:

President—Ed Malley.
Vice President—Elbert O'Connell.

Estimated List of Dead Is Growing Smaller as Rescue Work Progresses—Scene Presents Most Appalling Sight.

AUSTIN, Pa., Oct. 4.—With the arrival of a carload of coffins here yesterday, the grimness of the tragedy which has practically obliterated this town, was impressed on the survivors and a considerable number of workers, who yesterday began anew their efforts to mine deeply into the hard hills of debris. Twenty victims, including two at Costello, had been placed in a temporary morgue at Odd Fellows' hall, one of the few buildings standing in the ruined district.

The most essential matter in hand here, aside from the persistent work of clearing away the ruins, is the completion of census of the living Austinites. If the death list aggregates anything like the enormous number some have estimated, the health officials realize that conditions demanding prompt attention will arise within a few days in the ruins. The most careful and well informed investigators, however, are unprepared to learn that more than two hundred have perished. There is, indeed, a possibility that 150 will be the total. There is little hope that any one of the bodies remaining in the terrible wreckage will be found intact.

WAR SITUATION IS NOT VERY STARTLING YET

LONDON, Oct. 4.—Strict Italian censorship is keeping the world in the dark regarding the progress of events in the Mediterranean. From Italy, Tripoli, Turkey and the seas where the Italian navy is operating are many conflicting reports.

One cablegram announced definitely that Tripoli had been bombarded and occupied; another said the city was not attacked.

Success of the Italian blockade of the Tripoli coast from Tunis to Egypt is shown by the arrival of two captured Turkish transports at Taranto and Brindisi.

The impression still prevails that hostilities will be of brief duration. It is believed Turkey, finding herself unable to dispatch troops to Tripoli, will accept the mediation of Germany. Europe is greatly relieved at the news that Turkey has assured Greece she has no intention of attacking her.

TOKIO, Oct. 4.—It was announced yesterday that Japan will issue a proclamation declaring her strict neutrality in the Italian-Turkish embroglio.

LONDON, Oct. 4.—Out of a maze of conflicting reports and rumors, it has been utterly impossible to sort grains of truth concerning the openings of the Turko-Italian war. It appears doubtful whether there has been any real occupation of Tripoli, and practically certain that there has been no bombardment by Italian ships.

It seems certain also that the reported destruction of the Turkish fleet is untrue. In fact, the only result of the first day's hostilities which can be vouched for

Secretary—W. J. Wilson.
Treasurer—H. E. Eppstone.
Executive Committee—Lowell Daniels, Ross Condon and one other, with the president and secretary.

MADERO IS ELECTED MEXICO'S PRESIDENT

MEXICO, Oct. 4.—Basing the belief on information received from various parts of the republic, Francisco I. Madero, whom the people of Mexico yesterday officially elected president declares there is no doubt his running mate will be Jose Pino Suarez of Yucatan.

The general aspect of the debris indicates that hundreds of thousands of javelin-like splinters and shreds of buildings were shot through and through the first accumulations of ruins by the debris subsequently hurled onward by the continuing flood.

The aspect of Austin, Costello and the valley beyond today is as dreary as it is appalling. The towns are pictures of desolation. The valley side hills, in which they lie, are still littered by the shattered homes of their people and the remnants of prosperous places of business and manufacturing plants.

No reliable estimate of the property loss can be made soon, but it is safe to say it will not be less than \$8,000,000. The paper and lumber industries are utterly destroyed. The timber supply indeed was rapidly nearing exhaustion, and at the best it was thought five years from now the industry would practically be at an end. In fact, about 200 families had moved from Austin this fall. Five hundred more would have gone within the next year or two, unless where industrial development came in to hold them.

is the destruction of Turkish destroyers by the Duke of Abruzzi's ships off Prevesa.

The Tripoli cable is sealed and it is impossible for the outside world to know what is going on there. The Ottoman government clearly is not hurrying and the most significant official act of the day is the decision of the Turkish council to again appeal to the powers and in the meantime to suspend offensive measures.

Late last night an appeal had not reached the British government, and there was nothing to indicate that the attitude of the nations had changed. According to the Daily Telegraph's Rome correspondent the German and Austrian governments have already unofficially represented to Italy their displeasure in her procedure and intimated if these representations are ignored they may be followed by the "humiliation of Italy."

CONSTANTINOPLE, Oct. 4.—A meeting of the Chamber of Deputies last night violently criticized Ahmed Riz Bey, president of the chamber, as the agent of a committee exercising an evil influence over the sultan in order to prevent the appointment of Kiamil Pasha as the grand vizier.

A deputation of five members sent to the palace was received by the sultan who said:

"I have been desirous of convening the chamber for a long time but the opposition of Pasha prevented. I now order you to inform your colleagues that I decree an immediate convention of parliament. I am a great reader of history, but never have I encountered such a flagrant case of violation of rights as that committed by Italy."

BANQUET WINNERS.

Tonopah Circle, No. 739, Women of Woodcraft, have had a campaign for membership contest which came to a close September 30. The members were divided two teams. Captain Troy on one side and Captain Somerville on the other. Evidently Captain Troy had the best workers enrolled under him, as his side won 14 to 6. The losers are taking their defeat very good naturedly and have planned on serving the banquet on Wednesday evening, October 4. All the members interested should attend, as the banquet will be an elaborate affair.

Bonanza "want ads" bring quick results. Try one.

RAILROAD STRIKE REMAINS QUIET AT NEARLY ALL POINTS

Estimate of Southern Pacific Official Shows Small Percent of Men Out—Labor Leaders Make Opposite Claim.

CHICAGO, Oct. 4.—Julius Kruttschnitt, vice president of the Harriman lines, expressed the opinion yesterday that less than 25 per cent of the Union and Southern Pacific shop employees had struck.

Vice President Park of the Illinois Central claimed that less than half of the 2000 men on his line had quit. J. A. Franklin, international president of the Boilermakers' union, asserted that 20,000 men went out on Saturday, and that this number will be increased today.

At the Illinois Central shops at Evanston a carpenter who declined to walk out was assaulted by four union pickets yesterday, and a private watchman who attempted to interfere was roughly treated. A riot call was sent in and order was restored.

JACKSON, Miss., Oct. 4.—A temporary injunction, sweeping in its provisions, applying to the entire state of Mississippi, was issued yesterday by Federal Judge Niles against all members of unions on strike on the Illinois Central railroad.

JACKSON, Miss., Oct. 4.—A carload of strikebreakers on the way to New Orleans on the Illinois Central was stoned by a mob as it passed McComb. The windows were shattered and several men injured by glass and flying rocks.

CHICAGO, Oct. 4.—Railroad officials and shopmen of the Harriman line, who struck to enforce the demands for recognition of the Shop Federation, spent yesterday in conferences in preparation for the big struggle which begins in earnest at noon tomorrow. The railroad men declare the shops at many points will be fully manned before the night.

SAN FRANCISCO, Oct. 4.—Neither a strike, disorder nor impairment of train service was reported.

LADY PASSES AWAY AT MANHATTAN

Sunday morning at Manhattan the beloved mother of Joseph E. and John A. Connors of that place, solved the great mystery of death and peacefully passed to her Maker. The deceased lady was held in high esteem by all of her acquaintances and her demise has caused deep sorrow in the Pine Tree camp. The cause of death was old age, she being 70 years old. The body was brought to Tonopah by her sons and tomorrow will be taken to Lake City, Colo., where it will be laid alongside of her husband, who died in 1873. Besides the two sons who accompany the remains, two daughters survive the mother, Mrs. Mary Cain of Leadville and Mrs. Nellie Tyler of Salt Lake City.

ACCUSED DISCHARGED.

John Garadona, who was arrested Saturday at Manhattan for the murder of Charles Gurrilla on the night of August 8, after a hearing before Judge Heywood Monday, was discharged. Mrs. Gurrilla met Garadona on the day of his arrest and snapped her fingers in his face, saying: "You killed my husband." The arrest followed, but there was lack of evidence to substantiate her accusation.

REOPENED OFFICES.

Messrs. Macdonald and Moran, U. S. mineral surveyors and mining engineers, have reopened their offices in Tonopah and are now located in rooms 14 and 15 Tonopah block. They will be pleased to meet their patrons and friends in their new quarters at all times, if

ported yesterday. In this city virtually all employees remained out. At Oakland a number of strikebreakers, it is reported, were smuggled inside the stockades around the shop. Preparations for a siege have begun at Santa Barbara. Both sides at Los Angeles are confident. Nearly all shopmen at Portland, Ore., are out. At the general offices of the Southern Pacific here it is said only 40 per cent of the men quit work, but federation men declare the order was generally obeyed.

SAN FRANCISCO, Oct. 4.—E. E. Calvin, vice president and general manager of the Southern Pacific railroad, spent yesterday compiling a list of men at work and on strike in the territory under his jurisdiction (Ashland, Ore., to the city of Sparks, Nev., and to El Paso, Texas). He issued his first set of figures on the situation last night, this being the only strike development on the coast.

Reports from all points indicated that quiet reigns. Meetings among the men are being held. Trains are on time everywhere except for ordinary variations in schedule. Calvin's figures show that out of 7453 employed in the shops 4525 remained at work.

In a statement Calvin said: "A large number of the men went out yesterday but have returned to work. Master mechanics have been authorized to employ them under certain restrictions prescribed by the general superintendent of motive power. A number of applications have been received and accepted."

Calvin's figures vary greatly with those of labor leaders, for the reason that the company's figures include painters, laborers, etc., employed about the yards and shops, while the unionists figures include only the union men involved. Thus at San Francisco, where it is generally conceded that practically every member of the five craft unions involved is out, the company's figures show 230 men working.

JOHN KILBANE, OF CLEVELAND, DEFEATS CONLEY

LOS ANGELES, Oct. 4.—Johnny Kilbane, of Cleveland, qualified as the opponent of Abe Attell in a fight for the featherweight championship here on New Year's day by defeating Frankie Conley of Kenosha, Wis., in a 20-round go at Vernon Saturday.

Conley's aggressiveness in the face of certain defeat was the only feature of the fight, which was all Kilbane's from the beginning to the end of the 20th round, when the little Clevelander got the popular decision.

IS RECOVERING FROM SERIOUS INJURIES

George Griffin, former manager of Jake Goodfriend's Goldfield theater, who was injured in a trolley car accident in Chicago recently, has so far recovered that he is now able to be around. He is still in the Windy City.

J. J. Sutton, the machinery representative, is stopping at the Mizpah hotel.

ENTOMBED MINERS HAVE NOT BEEN RESCUED

The fourteen miners who have been imprisoned in the Shakespeare placer gold mine on Dome creek since Wednesday are alive and cheerful. They are well but will be locked in their dungeon at least two days more. Food and clothing were lowered to them through a six-inch hole.

OFFICIALS SAY FEW OBEYED ORDER

Vice President Calvin of the Southern Pacific railroad asserts that out of 7453 men employed in the shops of the system, 4535 remained at work. His figures are made up as follows:

City	Employed	Remained
Sacramento	2005	1825
Los Angeles	1422	462
Tucson	196	86
San Francisco	545	230
Oakland	1006	522
Tracy	64	24

NO PREPARATIONS MADE FOR SIEGE

**MEN ORDERED NOT TO HAUL
CARS HANDED BY NON-
UNION MEN.**

RENO, Nev., Oct. 4.—There is a difference of opinion among the shopmen on strike at Sparks regarding the length of time before the controversy is settled. Some are of the opinion that it will be many months yet before the order is given to return to work, while others contend that the matters at issue will be speedily adjusted.

There was a meeting of the railroad employees held yesterday afternoon at Sparks, but nothing that transpired was given out. The men maintained silence and no statement was made as to the course that would be pursued, now that the strike has been called. The majority are in favor of waiting for official directions from their union officials in the east, and it is doubtful if violence will be offered.

The men who joined in the walk-out were clustered in groups throughout the day and the principal topic of conversation was as to the length of the strike. The strikers are orderly and no attempts have been made to damage the railroad property. On the other hand, the Southern Pacific has no visible attempt to protect the company property, although a deputy sheriff was sent to Sparks yesterday by Sheriff Ferrel. The deputy, Jack Harrington, was wanted by the railroad officials for the purpose of guarding, or effecting a watchman's over the deserted shops, and was more for a protection against theft than as a protection against expected violence.

During the day, it is understood, the Brotherhood of Firemen and also the brakemen, received orders from their union headquarters not to handle any cars, freight or otherwise that had been handled by "scab" employees, except in the case of an exceptional emergency. This action, it is believed, is taken to prevent "scabs" from repairing the cars or taking positions in the shops in the place of the men who joined the walkout. This is the first public recognition given by the trainmen to the shopmen since the strike was declared.

It was rumored yesterday that the railroad officials were collecting cabooses in Sparks that were to be used as sleeping quarters for the strikebreakers, but no more than the ordinary number of cabooses could be located in the yards.

Rumors were about that several trainloads of strikebreakers were expected from the east during the day, but no confirmation could be secured and no strikebreakers appeared during the day to confirm the statement.

MUSICIANS' BALL

The sixth anniversary masquerade ball given by the Tonopah Musicians' Protective association, Local No. 426, A. F. of M., on Tuesday evening, October 10, 1911, at Miners' Exchange hall. Tickets \$1.50. Extra lady 25c. Leave your orders for costumes immediately at Rot-holtz Bros.' stationery store, agents for San Francisco Examiner, Call and Chronicle.
